## Could you be a country coordinator for a Gideon 30/30 Strategy?

**Vision: Start simple home churches making them houses of prayer.**

Our mission is to develop a viral discipleship movement which reproduces disciples, evangelism, home based simple churches and prayer. *We want to train trainers who train other trainers!*

### The Gideon 30/30 Strategy

In order for someone to be part of the Gideon strategy we need them to be following these guidelines.

- Watch the 14 days webinar “House church meets prayer movement” and agree on the vision
- Pass a simple test based on the 14 day teaching
- Connect 30 prayer warriors in your country (online prayer or in prayer groups)
- Appoint 30 area/village coordinators (in conjunction with us)
- Focus on small unreached or less reached villages and small towns
- Send out the passionate, send home the fainthearted

### Networking - Lord sent workers into the harvest field

- Train simple church planters through internet-based discipleship or local conferences (we can help with training)
- Distribute videos, tracts about church planting
- Initiate power evangelism in other areas/villages
- Plant local simple churches

### Truth-Based Evaluation

- Monthly ongoing, accurate, truth-based evaluation

### Important Guidelines to be adopted

- Bi-weekly online meeting with country coordinator (Skype, Zoom)
- Area/village coordinator meets once a week with his team
- Country and village coordinators meet once a month for online live teaching with us.
- Every new believer has to do the foundational basic course “Getting started”
- Bigger local training conferences every 2 or 3 months
- Preferably aim to work in unreached or less reached areas
- In depth video life school - Optional 3 months online training
